Contribute to PostgreSQL by Testing

PGDay Lowlands invites the community to contribute to the next PostgreSQL major version

PostgreSQL 17 RC1 was released on the 5th of September. We invite you to test it and give your feedback to us and to the PostgreSQL developers before the official release, which is expected on **September 26, 2024**.

What's in for you?

We will publish the **Wall of Testers**, listing **all the participants** of this initiative, so that your contribution is visible.
