

# How far did Oracle come ?

Sep 2025    Shivadeep Gundoju

# Can Oracle Database run on Containers?

Yes it can . Official Supported container images from 2019

There is light weight version as well

# Is there a Kubernetes Operator?

OraOperator ,early 2022

.AKS, AmazonElasticKS, GKE, RedhatOKD,OKE \*

. 164 github

. Remote Management\*

. Not Production ready

. AutonomusDB, Multitenancy,Non-CDB

# Can Postgres run on Containers?

Offcourse, starting 2015

# Is there a Kubernetes Operator?

Not just one CNPG(2022), Zalando, crunchydata

. Vanilla

. 6700+ github \*

. Used in Production
